FEATURES AND BENEFITS

Suitable for all types of cable, pipe and wire drums.

The compact X-BOARD - XB500 is a universal, professional device for winding in/out cable drums featuring all types of cables and pipes (single core lines, cable rings, cable drums, empty conduits, ropes and rope drums).

It enables trouble-free and efficient working without the tangled cables. The X-BOARD - XB500 can bear loads of up to 800 kg and is suitable for almost all types of drum.

Especially ideal for damaged cable drums.

12 rubberised feet ensure a non-slip and secure standing position. Ideal for protecting already completed flooring surfaces. The height-adjustable lid is perfectly designed to secure loose cables, cable rings or pipes in the X-BOARD XB500, this prevents uncontrolled cable winding.

800Kg Bear Load

Non-Slip and Secure Standing Position

No Tangled Cables
